

Advanced Utah CFP Course Overview

Instruction is \$60. Classroom/Range fee \$15. I.D. Photo \$10. **Payable to SDS.** Course and Range time lasts 8 hours.

This class satisfies the **Utah Handgun Familiarity** course requirement needed to complete your application for a Utah Concealed Carry Weapons Permit. The course covers firearm safety and handgun fundamentals, ammunition, grip, stance, breath control, sight alignment and sight picture, Federal gun laws, Utah gun laws, self-defense laws, use of force laws, areas that you are restricted from carrying a firearm with and without a CFP permit, video scenarios of do's and don'ts, situational awareness overviews, holsters, clothing, women specifics, what to say to the Police, and much more in a 37 page handout.

At the halfway point, there's a short lunch break, so you may want to bring something for lunch. The Range kitchen has some breakfast and lunch items as well. After the class discussion we head up to the Range for the Hands-on portion. I have each student, in turn, **show me** that they can safely load, aim, live-fire, and unload either a revolver or a semi-automatic pistol. This is a competency exercise to learn some fundamentals, not a marksmanship test.

I then demonstrate some self-defense tactics while drawing and shooting from concealment at multiple targets. Those who feel they would like to have some instruction in this area are welcomed to stay but it is not required to complete the course. There is no additional fee for this.

All ranges require you to have eye protection (These may be your own eyeglasses, sunglasses or safety glasses) and ear protection and a baseball style hat.

If you have your own handgun, bring it with your ammo and a holster for the range exercise. If you do not have your own gun and ammo, I will provide a .22 revolver and semi-auto pistol and the .22 ammo is \$2 for 20 rounds when used in my guns for you to complete your instruction. Those wishing to shoot my Glock can bring .40 cal 155Gr, 165Gr or 180Gr NEW boxed ammo or pay \$5 for 15 shots.

Remember that you are not required to own your own gun to have a Utah CFP Permit. There is no connection to a specific gun or serial # on your permit. **This valued permit is now recognized in 36 states, the most of any other states' permit.**

After completing the class, you send or take your **signed** application that I have also signed and a fee of \$57 to BCI (Bureau of Criminal Investigation) for Utah and Federal Background checks. You must include **1 photo, 1 set of fingerprints** (get these at BCI for \$15 each, \$10 for I.D. Photo and \$10 for fingerprints in class, or finger prints only at the County Sheriff's Office 3365 S 900 W 743-5800 for \$5) and a **photocopy of your drivers' license**. Your permit can take up to 90 days to be processed and returned to you.

We usually do this on the 2nd Saturday starting at 8:00am until 5pm. If an evening class is needed, that can be arranged as well if there is sufficient interest. I live in Holladay and rent the Police Mutual Aid Association (PMAA) Hendricksen classroom and range.

If you have further questions, please call or email me.

Warm Regards,
